PUPS & BARBEQUE

I love summer. Getting outside to feel the warmth of the sun and fresh air helps me reset and feel like I can take on anything. Last year, I had one of those summers that I'll never forget.

It started simple enough, with a community barbeque to celebrate the first nice weekend of the year. I wore a tight crop top that let my chest show off and let my long, blonde hair down, loving how the warm air blew through it. It was a perfect day where the kids and dogs could run free with the scent of hamburgers and weenies filling the air, neighbors talking and having a great time.

I watched my dogs run around, playing with the other pups, including one particularly small but adorable little mutt who seemed like he wanted to be in the middle of everything. Eventually, my own dogs brought the little pup over to meet me, and as I reached down to pet the little guy, a shadow fell around me. I saw a young man wearing a college sweatshirt and short trunks reaching down to

Sara Jay and her libido...

There are times when a woman wants to bare her soul. "I love being naked, and I love having my picture taken. I also love reading, traveling, networking and collecting rocks and other hard things. I'm ferocious as a tiger when it comes to sex. I pounce on men and women. I love putting whipped cream all over their private parts and licking it off. Giving great blow jobs for hours is my super favorite thing to do. I also love getting head, especially while 69ing. I'd love to have sex in outer space. I'd also like to have met H.G. Wells because he had an amazing imagination. I wish I could jump in a time machine and show him the real Sara Jay!"

pick up the dog with a wide grin.

He reached down to scoop up the little pup and apologized for disturbing me before we fell into conversation. And as I eyed him up and down, I couldn't help feeling a twinge of desire between my legs. It'd been a while for me, busy as I am, and I haven't exactly been in the market for a while. I'd done the relationship thing and, for the most part, found my dogs to be better company most of the time.

But the way this student, this kid, looked at me, I was surprised that I was falling into his trap. From how he smiled at me to how he looked into my melting hazel-green eyes to how his arms swelled the sleeves of his shirt, he already had me. Before I knew it, I leaned forward to give him a peek down my cleavage and let my foot "accidentally" graze against his leg.

I was older than him, sure, but, well, the body wants what it wants, I guess, and I could tell this was a boy who was more innocent than he looked and needed someone to take care of him. Some-

one like me!

We decided to take the pups for a walk and got away from the gathering for a few. After a walk-and-talk around the block, we ended up at my door, and I invited him inside for a drink. Before I even had the door closed, he was pressing me up against it, leaning in for a hard, passionate kiss. I had it wrong; this boy wasn't inexperienced, I was.

His tongue danced through my mouth, a graceful ballet he only pulled away from to tell me how much of a MILF he always thought I was. I only hesitated for a second, long enough to think about letting the dogs into the garage, before I pulled him toward the kitchen counter, but he resisted, insisting on the bedroom to treat me right. I didn't exactly want him to treat me right, but the wicked gleam in his eye told me that we were thinking along the same lines. We stripped each other on the way, doing our best not to trip over one another's clothes.

As soon as we were in bed, he rolled me on my back and straddled me, his young, hard rod floating just above my perky breasts. With a nasty smile, he lowered himself into my cleavage, pressing my boobs around his cock and letting out a ferocious moan.

Each thrust poked the head of his cock out a lit-

tle farther, the slit winking at me until he finally slid all the way forward and let my mouth take in his throbbing, veiny meat.

I could taste the sweat of his youth and the fierceness of his desire as he plowed my mouth, shoving himself balls deep with each thrust. I gave him what he wanted until he started swiveling his hips. I took the opportunity to quickly flip him over and raise his legs up high in the air.

It was my turn for a wicked grin as I lowered and let my tongue explore its own way down his lightly hairy shaft and to his surprised asshole. I didn't linger for long, the look on his face more than enough to tell me how much pleasure I sent him before I lowered his legs and slid myself slow-

ly up towards his shaft, letting it slide deep inside my waiting, hungry pussy. I rode his college dick, edging him but not letting him loose, not until I was ready.

I enjoyed watching his expression, his painful pleasure that sent new waves of ecstasy through me as I ensured he hit just the right spots. When I was ready, I pulled up and moved my face to the edge of the bed. And just as I had planned it, he was ready to explode, sending his cream all over my waiting mouth and face.

We let ourselves get cleaned up and brought the pups back to the picnic, our eyes now able to say what our lips can't about a truly magical spring day.

— Katherine, Nashville

WILD ABOUT SEX

Let me tell you something about myself first. I'm 51 and I'm friendly, outgoing, funny and spontaneous. I've been told I'm also charismatic, but that's up to others to decide. My newest venture is to have some sexy photos done of myself before the years deny me my opportunity.

I think I've come to the right place for it to happen. I love getting naked for a guy, but doing it for thousands of men all over the place is a real rush. Even though I can't see them, or you, I know you'll like looking at me and the thought that you might be jerking off to my pictures is an even bigger turn on.

Even at 21, I had my career mapped out. I wanted to one day own my own bakery, and after opening a string of them across the state of Indiana, that just wasn't enough. Oh yeah, I made money, but my personal life suffered for my devotion to the oven.

I took on more extracurricular activities that would make me more desirable: I'd go to the gym every day, I'd shop for shape-revealing clothing, but my favorite pastime is having wild, crazy sex. I'm playful, aggressive and will try anything at least once. And I probably have.

After I tried anal sex in my thirties, I don't mind it any more. At first it was a little too painful, but I had a compassionate lover and I was willing to keep try-

ing. It took about a month of booty banging before I enjoyed enough to have it be a full part of my sex life. We started by using a little finger-sized dildo and progressed to a full cock size one.

We decided that would be the best way for us to do it rather than just putting in his cock in there and having me get used to it. It allowed for better control of the in and out motions.

By the time I had progressed to the bigger dildo, I was ready for his cock. Now my ass needs a good pounding once in a while. Hands down the best position for me to do anal is doggy style. It allows for greater penetration and the cock goes into the anus straighter and with less pain.

While that now a lot of fun, I think a special talent of mine is giving a phenomenal blow job, and every now and then I like having sex in public. The fear of getting caught just adds to the excitement.

But my sexual enthusiasm doesn't stop there. I once had a threesome in the city park while cars were passing by and we were giving them a good show. I would love for someone to just throw me down in the middle of a conference room and start fucking me. That would be the ultimate rush.

Another fantasy of mine takes me back to my college years when I fantasized about blowing a hot professor during the

middle of class. I would be on my knees, hidden by the podium and I'd be sucking his dick and balls while he lectured the students on fourth dimension math problems.

— Susan, Indianapolis

YOU HAVE ENOUGH?

At some point in most men's lives, they've probably met someone like me — mysterious and always an arm's-length away. The one that kept to herself. The girl that never looked at you, but through you.

She dressed in dark clothes that hid her body, but underneath you knew she was probably smoking hot. This girl is now a woman. And this time, she's right here.

You just have to love a woman who has the balls to pierce her nipples and

labia. That usually means she can take whatever you can dish out. Just be sure you have enough.

I like shy guys. They're the ones I hung out with in college and when I worked at the airlines. But you get one alone and that shyness evaporates. They're the first ones to go down on you. Now it's more than thirty years after college and my sexuality has matured. I still like shy guys, but that doesn't last too long around me anymore. I'm now usually the aggressor. It doesn't take me long to get them naked and their stiff cock into my mouth.

I usually pull off my own pants and shove my pussy into their faces. After a moment they are deep into it, shoving their tongues into me as deep as they can.

I specially like it when they pull on my pussy's hardware. It adds that extra tingle. That's why I did it. It really feels good when I'm the one tugging on them. The added sensation makes me come quicker. Now I'm that I'm a more mature woman and I'm having the best sex I've ever had. Seems like I'm always hot, because... I always am; and always find time to satisfy my sexual desires.

Those desires often control me. I once saw another woman at a coffee house and thought how attractive she was. In a simple way, doing a simple thing, I found her arousing and fantasized about her that night. That got me thinking about making love to a woman. That's something I would not have even considered ten years ago. Today, I have three lady lovers at my beck and call.

So, I thought I'd drop your magazine a line to let your readers know that there are plenty of women like me out there ready and willing to meet good men, and we're really not that hard to find. If you know where to look...

— Amanda, Toronto

Julia Ann is one of the hardest working performers in the business today. She was booked for a sexy lingerie photo shoot, and all was going quite well when Mick showed up. Then it got even better. She welcomed him without any hesitation.

Waking up in her soft sheets, April can't help but squirm in her silks. Whether it's something in her dreams or something on her mind, she has a ravenous sexual appetite. If only there was someone around to satisfy her. Someone to pull her in and caress every inch of her warm skin.

April

Someone to draw a line from cheek to cheek with their tongue, and which cheeks she means is totally up to you.

What was the snowman doing in the carrot section of the grocery store? Picking his nose.

The Nose: Predicting Her Sex Potential

A WOMAN'S NOSE CAN TELL YOU WHETHER THEY'RE HOT — OR NOT

Sex and prominent noses have gone together for centuries. The ancient Persians permitted only the owners of large noses to pay court to royal princesses. They were considered perfect for perpetuating the royal line, on the grounds that such men were the most fertile in the world.

On ancient Greek coins, the nose tips of the pussy-chasing aristocrats were engraved right to the rim of the coin. The nose of Mohammed, who decreed that a man could have four or more wives if he could afford them, was depicted as being phenomenal. It was so curved that the point seemed to be trying to insert itself between his lips. The noses of Frederick the Great and Emperor Rudolph of Austria were unique in size and shape, reflecting the rugged masculinity and strength of those two stalwarts.

You cannot find a failure, mentally or sexually, in famous men endowed with such noses as Shakespeare, Voltaire, Cicero, Dante, Chaucer and Tennyson. They all had noses like those of the fabled, virile gods.

One of the most world-famous and distinctive noses was located on Bob Hope's face. Explaining how it got that way he once said, "The day I was born my mother took her first look at my nose. 'Get the doctor back,' she hollered. 'There's been a terrible mistake. They've taken the baby and left the stork.'"

The entertainer who made a better living than anyone else out of a giant nose was Jimmy "Schnozzoli" Durante. He once told an actress: "For years I've admired you from afar." "With that nose, darling, how else?" she replied.

A room in Durante's Hollywood home was jam-

packed with models of enormous, sexy-looking, noses. They hung over shelves and bookcases and were carved in bronze, clay and oak.

A Sex Symbol

South Sea islanders, before the "civilizing" of the Western missionaries, considered the nose an important sex symbol and used it as a medium of sexual expression, desire and affection. Tribes swore everlasting peace and sealed the pact with a mass rubbing of noses against noses. By the same frictional process maidens declared their willingness to be 'loved.' Kissing, by comparison, was looked down upon as both dull and unsanitary.

Sociologists however insist upon applying the word "kiss" to both nose-rubbing and lip-contact. They call the South Sea islanders' nose routine the olfactory or "smell" kiss. This type of kiss is also popular in parts of Europe, and it is the predominant form of kiss in Asia, Africa, Polynesia and other parts of the world.

There are interesting variations of the olfactory kiss, but a typical form is practiced in three phases: The nose is applied to the cheek of the person being kissed; a long nasal inhalation is accompanied by lowering the eyelids; nose is rubbed against nose, followed by a slight smacking of the lips without the mouths touching.

Famous artists have taught that proportionally speaking the "perfect" nose on both males and females should be one-third the length of the face (from the tip of the chin to the roots of the hair). Look at almost any famous painting. Nearly all artists prefer to depict large noses rather than small ones.

All the traits of men and women—their history, their desires, their ambitions and their brain power—find expression in the nose. It is the most notable feature of the human face...

Even a broken nose these days does not necessarily mean disfigurement in a man or a beauty handicap in a woman. Some faces are actually improved in appearance after a broken nose. It has been said that Ian Fleming, author of the James Bond stories, was too pretty—until he broke his nose, that is. Then, rather than ruining his looks, it was thought that his broken nose made him look much sexier.

A Guide to Desire

The human nose has an almost infinite variety in both sexes and can be a reliable guide to predicting sexual desire. The nose of your loved one may be long or short, broad or narrow, blunt, crooked, snub or turned up. Any of these points tells interesting facts about his or her sexual potential. Fortunes have been made out of palmistry and phrenology; they can be made out of nose reading.

Nose watchers justify their character assessment by pointing out that the nose is permanent, even if it has been molded into a new shape by a plastic surgeon. It is influenced only by the unconscious action of its possessor's mind and formed by years of growth, during which thoughts, emotions and passions have stamped an indelible character upon it. It cannot speak falsely. All the traits of men and women—their history, their desires, their ambitions and their brain power—find expression in the nose. It is the most notable feature of the human face—divine because, unlike the smile, the expression of the eyes and the movement of the lips, it is not under control of the will.

Female Noses

A long nose on a woman is said to signify a shrewd, possessive personality with fierce loyalty toward the man who claims he loves her. If it is also perfectly straight and has its root just a little above the center of the eyes, it denotes intellect and an instinctive capacity for total cooperation during the heights of passion.

Long-nosed lovelies are usually very responsive to sex play. An affectionate look, a hug, a whispered word will trigger yearnings that can only be satisfied in full with complete sexual union, as in screwing.

But only with one man. Promiscuity is reputedly unknown among long-nosed sex partners. They are one-man or one-woman lovers without compromise.

Short noses are common among sexually active

young women to whom sexual honesty is a great joy, women who consider frolicking with multiple sex partners a perfectly natural and wholesome pastime. Today, short nosed ladies enjoy absolute equality of the sexes and are just as likely to hint, like men, that a roll in the hay is indicated when mutual togetherness has reached a certain intimate stage.

They tend to initiate sex play. Their fierce desire to

claim all of man's privileges is often so strong that guys on the make get cold feet and back out of the bedroom. But short noses usually go with long, sinuous legs in females, and they have one big advantage over big noses: they don't get in the way when mouth-to-mouth preliminaries are being undertaken. Short-nosed women are able to arrive at quick decisions on matters of extreme urgency. They are never jealous. Their performance in the sack is knowledgeable and intense.

Broad-nosed beauties are affectionate, sexy, prone to tears, and great admirers of the male sex. They like their partners to be dominant when having sex and to hold no brief for females who want to usurp his traditional role. Because of this partial submissiveness, girls with broad noses are not usually flaming balls of fire under the hood. Their sexual psychology is to give, give, give—and they enjoy doing so.

The narrow (but not long) nose in women may signal a distinct tendency to be selfish, sneaky and frigid when affairs with the male sex are being fought out to their ultimate and natural conclusion. Narrow-nosed females are frequently incredibly beautiful and desirable—and

Concessions, promises, gifts, privileges might all be extracted before actual physical sexing begins, and even then the ultimate onslaught may be parried with teasing finesse.

they know it. Their mommas have taught them from childhood that their faces and figures are their fortune, and are to be used ruthlessly and with deliberate intent—for their own gratification, not their lover's.

Males may well reach that exciting plateau of sexual success at which they are able to feast their eyes on narrow noses in the nude. But that does not mean total vic-

tory and consummation is in sight; by no means. Miss Narrow Nose loves to show off her magnificent body and note the havoc it can wreak on the peace of mind of the poor sap who gazes upon it. But her lover may pay dearly for any further advance up the pinnacle of desire.

Concessions, promises, gifts, privileges might all be extracted before actual physical sexing begins, and even then the ultimate onslaught may be parried with teasing finesse. Romance with Miss Narrow Nose is a one-sided affair, unsatisfying for some sorry-assed guys.

Blunt-nosed lovelies are in direct contrast and sexologists group them with the desirable owners of snub and turned-up noses. Millions of potentially perfect sex partners belong to this same group. They are God's gift to the perfectly normal, strong and virile young man who likes his female sex partner to show genuine interest in what is going on.

They are the comfortable, lovable compromise most men settle for quite happily after dreaming of fucking sultry, insatiable sexpots and nymphs. They attract most males and are often able to take their pick from a wide variety of suitors. They are however apt to hold their

sexual urges in check while still single. But they amply compensate for this when they marry or during a strong and lasting relationship.

Females with blunt, snub or turned-up noses are usually of average size and roundness but generously endowed with firm, thrusting breasts and strong, affectionate thighs. Their looks last longer than those of women in any other nose category. They love to fuck a man who cherishes them, and to prove that he does it isn't necessary for him to offer material gifts like diamond rings. Miss Blunt and company respect and believe their partners. They are the best thing that ever happened, as far as the male is concerned.

Crooked-nosed females are rare these days, but if a girl does retain her crooked proboscis, the lucky guy who latches on to her can look forward to sex that can be out of this world. This is simply because ladles with crooked hoses are very anxious to please the potential lover who does come along. They make a deliberate effort to learn all there is to know about making a man deliriously happy—in bed or out of it.

Male Noses

This characteristic is demonstrated even more dramatically among men. Only dignified, cool thinking dudes, for instance, can wield aquiline or hooked noses with grace and effect. They are not suited to the female face and are to be tolerated on women only when counteracted by unusual charm or talent. In males the diminutive pug, the symmetrical Grecian and the haughty Roman have a remarkable and distinct individuality that is noted instinctively by the female.

Napoleon Bonaparte was a skillful reader of the face and character of a man. Without exception he chose his officers wisely by the size and appearance of their noses.

"Do not tell me of your proficiency in the art of war," he once said to a would-be officer. "But let me observe the development of your nose." Napoleon had probably absorbed the truth of Shakespeare's maxim that "A good nose is requisite to smell at work." Firmly believing this, the conquering Frenchman collected around him the most desirable females, the strongest minds, the bravest hearts and the most loyal lieutenants.

Napoleon's own nose was fierce in youth and massive in later years. Imagine if it had been half an inch shorter: the destinies of nations might have been totally different.
